5 Speed levels

Customized frame color

¹ Weight refers to device excluding battery or arms for wheelchair connection.

² Autonomy refers to 48 V battery on a flat route at medium speed (6 km/h), user weight 70 kg. The autonomy depends on user weight, road conditions, battery model and speed/driving mode.

* The USB port, for recharge smartphone, tablet etc., is only available on the new "Special" battery.

Triride srl reserves the right to modify the models with updates and innovations and therefore the images may differ from the final product sold.
